## ® Fairtrade Schools

In this week's [Home Learning Challenge](#) we're taking a trip to the Kangema district of Kenya, to visit a friendly [Fairtrade coffee farmer](#) called [Samuel Maina](#). Samuel has a wealth of knowledge about how best to care for coffee trees, despite changing weather patterns. Not only that, but he's a fantastic tour guide!

[Join Samuel on his fascinating tour](#) of his farm. If you use the Vimeo app on a mobile or tablet, or VR goggles, you can get a 360° degree view of his farm, home and the coffee processing station. Don't worry if you haven't got a mobile device - you can watch it on an ordinary screen too!

After exploring [Samuel's farm](#), download your [Home Learning Challenge](#) sheet. Here are our favourite two activities this week...

### **Create your own documentary**

Espresso yourself! What have you been doing to keep busy at home? Create your own two minute documentary about your life, just like Samuel.

### **Paint a brew-tiful coffee painting**

Did you know that you can create beautiful paintings with just small amount of [Fairtrade coffee](#) and a paint brush? Your challenge is to paint a coffee plant using just that! Pupils at Greenhill Primary School had a go during [Fairtrade Fortnight](#). Take a look at their beautiful pictures for inspiration!

## Posters of Julia Donaldson and Axel Scheffler Reimagined Images and Verses

From the Gruffalo Cave and to the Family Tree: Staying home with your favourite characters Julia Donaldson and Axel Scheffler have been inspired to create an extraordinary set of illustrations and verses

to help share the important message about staying safe and to help lighten the spirits of families everywhere.

[Free Posters](#)

NSPCC

Due to the coronavirus pandemic (COVID-19) our Speak out Stay safe assemblies and workshops are postponed until the autumn term. Although we're not running our assemblies as we normally would right now, primary school children across the UK can watch below a special assembly with Ant and Dec and David Walliams in partnership with the Department for Education.

Featuring highlights from our hugely popular **Speak out Stay safe assembly**, our assembly helps children understand what's happening currently, why they may be feeling anxious or worried, and where to get help if they need it.

### [Virtual Assembly](#)

**Please can you support Wrexham Youth Service by taking part in a quick questionnaire , they want to hear the views of children and young people within Wrexham about how the Coronavirus Pandemic has affected them. Please click on the links to take part - Thank you in advance for support- its appreciated!**

## **And finally.....**

1. You can find over 300 languages spoken in the UK.
2. For 300 years the British were all speaking French!
3. As the stereotype dictates the Brits drink more tea than anywhere else in the world (about 165 million cups a day).
4. London was the first city in the world to trial an underground railway.
5. The most remote pub in Britain is 107 miles from the nearest city
6. The British accent changes every 25 miles.

7. 6,000 people in Britain suffer serious harm every year because they tripped over their trousers. Some of them [fall](#) down the stairs while trying to put their trousers on. Quite a number actually die.
8. It takes two minutes to fly from Westray to Papa Westray. The scheduled flights between the tiny islands are the shortest in the world.
9. [More random facts...](#)
