Dear Parents/ Carers,

We have loved welcoming the children back into school safely over the past few days. They have quickly settled back into school life with their new teachers and teaching assistants. Seeing the children back at school, engaged in their learning with their peers, has been brilliant after such a long time away from the classroom.

Our priority continues to be the safety of the children and adults at school as well as the wider school community. In order to keep everyone safe, please note the following:

One-Way System

Thank you to the vast majority of parents/carers who have followed our one-way system when dropping off and picking up children. Whilst I appreciate it is an inconvenience, it is essential to avoid close face to face contact around gates and 'pinch points' on the school site. Please continue to help keep each other safe by following the one-way system.

If a child shows COVID 19 symptoms whilst in school

- They will come out of class and move to the Family Room.
- A member of staff will stay with them wearing PPE.
- You will be contacted to come and collect your child straight away (please make sure we have up to date details contact details and an alternative if you are not available).
- You will need to book a COVID19 test for your child. This can be done by calling 119 (free number) or visiting <https://gov.wales/apply-coronavirus-covid-19-test>
- Your child and any other siblings must not return to school and should self-isolate until the outcome of the test is known.

If the test result is negative, the child and siblings can return to school

If the test result is positive:

- The school will be advised by Public Health Wales/ Track, Trace and Protect as to whether a class needs to self-isolate for a period. If this is the case home learning will be arranged for that class.

If a child shows COVID 19 symptoms whilst at home

- Do not send your child or siblings into school. Self-isolate and inform the school office.
- You will need to book a COVID19 test for your child. This can be done by calling 119 (free number) or visiting <https://gov.wales/apply-coronavirus-covid-19-test>
- Your child and any other siblings must not return to school and should self-isolate until the outcome of the test is known.

If the test result is negative, the child and siblings can return to school.

If the test result is positive:

- The school will be advised by Public Health Wales/ Track, Trace and Protect as to whether a class needs to self-isolate for a period. If this is the case home learning will be arranged for that class.

If a staff member displays COVID 19 symptoms

- The member of staff will self-isolate and arrange a test.

If the test result is negative, the member of staff can return to school.

If the test result is positive:

- The school will be advised by Public Health Wales/ Track, Trace and Protect as to whether a class needs to self-isolate for a period. If this is the case home learning will be arranged for that class.

Whilst I hope that we don't reach a situation where a child or staff members tests positive for COVID19, we will all need to follow direction from Public Health Wales in order to keep the whole school community safe.

Thank you for your continued support. Please contact the school should you have any questions.

Kind regards

P Dickson

Mr Phil Dickson
