

COMMUNITY *Summer* PLAY SESSIONS

Join us on **Miller Field every Wednesday, 2–4pm**, for outdoor fun, games, and adventure for 5–13 year olds. (Under 5s are welcome too, with a grown-up by their side!). Best of all, it's completely FREE!

Come and 'leaf' your worries behind and enjoy some fresh-air fun—we can't wait to see you out in nature!

22/07/26 - Build a Bird Box with Ranger Gareth

Join Ranger Gareth to build a bird box and learn how we can help local wildlife. Have the opportunity to use real tools (with support) to help assemble bird boxes before decorating them if time allows. This is a fantastic opportunity to learn practical skills while making something that benefits nature.

29/07/26 - Minibeast Safari & Seed Bomb Making

Become a woodland explorer! Using bug pots and magnifying glasses, search for insects, spiders and other woodland creatures before identifying what you've found using simple ID guides and bug bingo sheets.

Also make wildflower seed bombs using clay, compost and native wildflower seeds to take home which can be scattered later to create colourful flowers that help bees, butterflies and other pollinators.

5/08/26 - Woodland Olympics (TBC)

Celebrate the summer with a series of fun woodland challenges that children can complete at their own pace. They can take part in as many or as few activities as they like.

12/08/26 - Wildcraft

Minecraft in the Real World! Inspired by Minecraft, gather resources, build, craft and work together using the woodland around you.

The Wildcraft: Mini Game takes the best things that kids love about their favourite video games and transforms them into a fast-paced outdoor experience that gets children off the screen and out into nature. The game has been aimed at players aged 6–12 years. But younger or older children are welcome to play.

19/08/26 - Nature Artists

A relaxed creative session celebrating the colours, textures and patterns of the natural world.

Children are encouraged to experiment, create and work together to produce one large piece of collaborative woodland artwork alongside any creations they take home.

26/08/26 - Campfire Kitchen

We'll finish the summer programme gathered around the campfire, learning simple outdoor cooking skills. Depending on numbers and time, children will prepare and cook some summer treats.

Children can help prepare ingredients, learn about fire safety and enjoy cooking outdoors before relaxing around the fire together.

The themed activities are intended as an invitation rather than a timetable. Children are free to join in as much or as little as they wish
